GERMANY TOO IS OUT.

Follows England in Disrupting the Powers' Concert.

RESULTS OF THE BOMBARDMENT.

Fighting Was Kept Up All Day Yesterday. In All Directions Mohammedans Are Pillaging and Burning the Property of Christians Throughout the Island—Turks Lay Torpedoes Across the Harbor.

CONSTANTINOPLE, March 27.—It is asserted here on what is regarded as reliable authority that in consequence of the refusal of Lord Salisbury to join in a blockade of Greek ports, Germany has given notice to the powers of her intention to withdraw from the concert. It is understood that Turkey sent her squadron through the Dardanelles on the advice of Germany.

EARTHWORKS

Put Up by Christians Bombarded by Foreign Warships.

CANEA, March 27.—The Christians tried to build earthworks on the hills above Malaxa, but they were bombarded by the foreign warships.

In addition to continuing the work of burning the property of Mussulmans at Perivolia, the Christians have attacked the village of Darabos, and have begun to bombard the fortress of Butounaria, which protects the springs supplying Canea with water.

Fighting has been going on all day around Tiskalarai, Nerokuru and Daxen. The Greeks in the blockhouse at Malaxa are said to have fired on the Turkish fleet in Snda bay. Rami Pasha, the Turkish admiral, landed in the afternoon with a quantity of munitions of war.

It is understood there that the admirals have invited the Turkish commander to reoccupy Malaxa under the protection of the international fleet with the promise to shell the insurgents should they attack him. But the commander declined to make the attempt on the ground that his troops are too much demoralized.

Colonel Vassos says that the blockhouse at Malaxa is outside the neutral zone, but if the admirals had asked that the Turks be allowed to withdraw they would not have been molested.

The bombardment of Malaxa has produced a painful impression here. The newspapers are filled with indignant protests.

The Cretan delegates in Athens have published a pamphlet in English protesting against autonomy and declaring that they prefer the Ottoman yoke just as they did after the failure of the insurrection in 1866. The pamphlet closes with the declaration:

"The Cretans will die if necessary for the sake of the cause of union with Greece."

M. Skouzes, Greek minister of foreign affairs, sent the following communication to the powers on March 21.

"I have the honor to acknowledge your note of the 18th inst., wherein you inform me that Crete will be placed in a state of blockade today. A notice of that fact has been given to the shipping interests which it concerns. Nevertheless as owing to the blockade, it will be henceforth impossible to import cereals into Crete, whereas, the population of the island has always obtained its provisions from the outside, it is my duty, having regard to the ties which bind the Greek nation to the Cretan population, to bring these considerations to your notice, forseeing, as I do, consequences which may arise and which may not correspond with the sentiments of humanity which animate the governments of the powers."

BACKED BY EUROPE

Mohammedans Are Pillaging and Burning the Property of Christians.

LONDON, March 27.—A dispatch to The Times from Athens says that the royal decree appointing Crown Prince Constantin to the command of the army on the Thessalian frontier was published yesterday.

A dispatch from The Daily Chronicle's Athens correspondent says that the crown prince will start to assume his command this evening at 7 o'clock, going by sea to Volo and thence by railway. The crown prince will accompany him as far as Larissa, where she will inspect the arrangements made by the Red Cross society. She will remain there two days and then return to Athens. In order to avoid popular demonstrations this proclamation has not been published at Athens.

A dispatch to The Times from Canea says there is no doubt that the Christians have attacked the Turks because driven to desperation by the blockade. A similar protest against European partiality for the Turks is probable along the whole insurgent line.

Throughout the island the Mohammedans think they may do what they like now because they have European backing. In all directions they are pillaging and burning the property of Christians.

The Times correspondent at Salonica says that a Turkish merchantman has arrived there with torpedoes, which are

being laid across the harbor.

The Athens correspondent of The Daily Chronicle says: It is madness for the powers to suppose that Greece in order to form a neutral zone would withdraw 60,000 eager troops to a region without barracks, stores or military base of any kind and there rest calmly while the powers work out their pleasure in Crete.

A dispatch to The Daily News from Vienna says the Austrian foreign office has proposed to extend the blockade along the entire Greek coast, with special stringency at the Piræus and the gulfs of Volo, Corinth and Arta. England having abandoned the condition that Greece must be asked to withdraw their troops from the Thessalian frontier before the blockade is extended to the Gulf of Volo will be content, it is assumed by the Austrian foreign office, if the admirals so arrange the blockade as to spare the susceptibilities of certain powers.

A dispatch to The Daily News from Rome says that the powers have directed not to consult Greece on the details of autonomy for Crete. Instructions have been sent to the admirals giving them full power to extend the blockade to Greek ports if they deem it necessary.

Salisbury and Hanotaux Confer.

PARIS, March 27.—The Marquis of Salisbury, after leaving a card at the Elysee palace, yesterday, proceeded to the foreign office. The French minister for foreign affairs, M. Hanotaux, met him at the door and led him to his private room, where they had an hour's interview.

Troops From Austria.

VIENNA, March 27.—An infantry regiment of 678 men strong sailed yesterday for the island of Crete, being the Austrian contingent, for the occupation of the principal ports of that island by forces of the foreign powers.

Riflemen From Russia.

CANEA, March 27.—A company of 125 Russian riflemen from Odessa landed here yesterday.

TWO BUCKETS

Held the Remains of Three Victims of a Nitroglycerin Explosion.

PHILADELPHIA, March 27.—Three men were blown to atoms and 10 other persons injured by an explosion of nitroglycerin at the Repauno chemical works, near this city yesterday. The dead are:

James Hamilton, aged 30 years.
Charles Wright, aged 25.
J. T. Stiles, aged 28.
All were married.

The injured: John Langford, William Gardiner, William Tussey, John Jefferson, Peter Fellman, John Williams, Joseph Donnelly, Charles Maderia, Lizzie McGinnis and Emma Bates.

The injuries were sustained mainly from concussion or from broken glass. They are not serious.

The works are situated on the New Jersey side of the Delaware river one and one half miles from Gibbstown. The dead men belonged in Paulsboro and the injured lived in Gibbstown. All were employed in the works, the women in the casing house. The explosion occurred at 12:24 o'clock when the workmen were returning from dinner. Most of them had not reached their posts or the loss of life would probably have been greater. The concussion was felt for miles around, and a plasterer at work on a scaffolding three-quarters of a mile away was thrown off.

After the excitement had subsided guards were posted and outsiders excluded. Meanwhile a corps of men was put to work among the ruins and after much search the mutilated remains of the three victims were gathered into two buckets. Wright was identified by a ring on one of the fingers, and Stiles by his shoulders, from which the head as well as the lower part of the body had been torn.

The explosion was of such terrific force, that besides totally destroying the two houses, it tore a hole fully 80 feet long and 25 feet wide in the ground upon which they had stood. It was learned that Stiles was in the separating house and Hamilton in the weighing house when the explosion occurred. Wright's duties kept him going from one to the other of the buildings and he may have been in either. The cause is assigned to excessively high temperature in one of the houses, quantities of the explosive being in both at times.

The company is engaged in the manufacture of dynamite, which necessitates the handling of nitroglycerin, wood pulp and nitrate of soda. Its plant covers about 600 acres, and in consequence of the character of the work carried on, is almost completely isolated from any habitation. The plant comprises about 70 separate small frame and iron buildings.

On March 24, 1894, an explosion occurred by which nearly the entire plant was destroyed, and six men were killed. That explosion was caused by the generation by nitric acid of excessive heat and among the killed were Lamot Dupont, president of the company.

He was the second of that family to meet death at the works, the first being Irene Dupont, who was killed 25 years ago.

Assaulted and Robbed.

CHICAGO, March 27.—B. L. Garber was found unconscious in an alley with a bullet wound in his head. He is lying at the county hospital in a critical condition. Garber's home is in Belleville, O. His pockets were turned inside out. The police think he was assaulted and robbed and then dragged into the alley.

STILL ON THE TARIFF

But Nine of the 162 Pages of the Bill Disposed Of.

THREE AMENDMENTS ADOPTED.

Democrats Endeavor to Bring the Recent Anti-Trust Decision to Bear Against the Bill, but Are Ruled Out—Civil Service Again Up in the Senate—Nominations. Other Washington News.

WASHINGTON, March 27.—The tariff bill was thrown open for amendment under the five minute rule in the house yesterday, but seven weary hours of work only served to dispose of nine of the 162 pages of the bill. All the amendments offered by the Democrats were rejected. Three slight committee amendments were adopted and also an amendment offered by Mr. Mahany (Rep., N. Y.) to increase the duty on white lead from 2 1-2 to 3 cents per pound, the rate in the act of 1890. The present duty is 1 1-2 cents. Mr. Mahany said the increase was asked for by a concern which was independent of the lead trust. It was adopted by a strict party vote. The discussion covered a wide range of political topics and at times was both interesting and exciting.

By far the most important feature of the day was the attempt of Mr. Dockery of Missouri, Mr. Cooper of Texas and others backed by the entire opposition to secure a vote on an amendment, offered in a multitude of forms, which provided that in case any article, made dutiable by the bill, was controlled by a trust or combination the duty upon such article should be suspended. Mr. Dingley made the point of order that the amendment was not germane to the dutiable list and would not be in order until the free list was reached.

For almost three hours this point of order was fought over and made the subject of criminations and recriminations. The Democrats contended that if the amendment was ruled out it would never be voted upon, as the free list in all human probability would not be reached before the final vote was taken. The chair sustained the point of order. An appeal was taken, but the chair was sustained by a strict party vote, 163 to 104.

In the Senate.

WASHINGTON, March 27.—Another brief discussion of the civil service occurred during the open session of the senate yesterday. Mr. Gallinger (Rep., Neb.) presented several forms issued by the civil service commission to substantiate his recent statement that certain applicants for office were required to hop on one foot for 12 feet. He said his statement had been challenged by several penny-a-liners and by one member of the civil service commission. The senator read the "hopping" provision and several other questions as to the weight and height of typesetters, which he characterized as absurd. Referring to the size and weight requirement Mr. Gallinger said:

"Phil Sheridan could not have served the government if the civil service commission had got at him."

The matter was referred to the civil service commission. A resolution was adopted asking the president for information as to the death of two American sailors at Santiago de Cuba. Also resolutions asking the attorney general for information of any proposition to sell the Union Pacific road. Owing to the public demand for copies of a recent decision of the supreme court, sustaining the anti-trust law as applicable to railroads, it was determined to print the majority and minority opinions as a senate document.

A memorial from the Michigan legislature was presented by Mr. McMillin (Rep., Mich.) protesting against the executive order at the close of the last administration consolidating pension agencies and, in effect, abolishing the agency at Detroit. At 12:50 the senate went into executive session and at 4 p. m. adjourned until Monday.

PRESIDENTIAL NOMINATIONS.

A Number of Names of Prospective Officials Sent In.

WASHINGTON, March 27.—The president has sent the following nominations to the senate:

State department—Edgar Thompson Scott of Pennsylvania to be second secretary of the embassy of the United States at Paris.

Interior department—To be receiver of public moneys—Jay Allen of Michigan at Grayling, Mich.; William C. Whipples of Montana at Kalispel, Mon.; James Kelly of Oklahoma at Mangum, Okla.; Anton H. Classen of Oklahoma at Oklahoma, Oklahoma territory.

To be registers of land office: Oscar Palmer of Michigan at Grayling, Mich.; Frank H. Nash of Montana at Kalispel, Mon.; Henry D. McKnight at Oklahoma at Mangum, Oklahoma.

War department—Second Lieutenant J. H. Wholley, Sixth infantry, to be first lieutenant; Second Lieutenant P. Murray, Third infantry, to be first lieutenant. Corporal J. J. Bernard, First cavalry, to be second lieutenant. Sergeant Paul Giddings, Eighth cavalry, to be second lieutenant.

James M. Milliken of North Carolina to be marshal for the western district of North Carolina.

Postmasters—J. Warner Arthur, Bryn Mawr, Pa.; Albert A. Small, Anderson, Ind.; John W. Berryman, Versailles, Ky.; H. C. Turley, Natchez, Miss.; James T. Shepperd, Nelsonville, Ohio.

Will Serve Out Their Terms.

WASHINGTON, March 27.—The president has again took occasion to tell sen-

ators and representatives what he has heretofore sought to impress on his callers, that all federal officeholders shall be allowed to serve out the full term of four years, unless there is good reason for requesting a resignation or making a summary dismissal. This action has caused a weakening on the part of applicants for office, and will, as soon as it is understood that the president intends to stand by it, send a great many of them home to wait until a more propitious moment arrives.

For the Unemployed.

WASHINGTON, March 27.—Senator Quay yesterday introduced a bill by request authorizing the president to employ men who may be abruptly thrown out of employment, "together with all so-called tramps," in the construction of public works.

ALONZO WALLING BURIED.

His Body Enclosed in a Strong Metallic Casket.

HAMILTON, O., March 27.—By an unexpected change in the plans for the disposition of the body of the late Alonzo Walling, instead of being removed to Mount Carmel, Ind., for burial, was buried in Greenwood cemetery Thursday evening. The arrangement was kept very quiet, in accordance with the wishes of the family, and only the intimate friends, the near relatives and the counsel for the dead man were present.

The hour set for the burial was 6 o'clock, but the Rev. Mr. Lee was expected to have assisted in the conducting of the ceremonies, and only wired at the last moment that he could not come. It was, therefore, about 6:20 when the vault was opened, those in attendance entered, and the solemn services began. They were of brief duration. In the darkening gloom, and standing at the head of the bier, the Rev. H. N. Quisenberry read a touching funeral service, following it with a fervent prayer. The lid of the coffin was then removed, and disclosed the features of the dead man, calm and natural, as in life.

Mrs. Walling was there, supported by her now only son, Clinton Walling. She stood the ordeal with fortitude. The body was conveyed to the hearse, and the solemn procession took up its way to the eastern part of the cemetery, where after a few brief words and prayer by the Rev. W. J. Peters, the coffin, inclosed in a ghoul-proof metallic casket, was lowered to the grave. Colonel Washington and wife and ex-Congressman H. L. Morey were among those present.

Says He Saw Will Wood.

TERRE HAUTE, Ind., March 27.—Al Lennox, a baggageman running on the Vandavia's Michigan division, asserts that he saw Will Wood in South Bend last Sunday and conversed with him.

NO ELECTION.

It Is Probable Now That This Will Be the Result at Frankfort.

FRANKFORT, Ky., March 27.—Hunter's strength is drifting away from him. But for the wonderful fight he is making and the unprecedented backing he evidently has, he would already be to the point of withdrawing. Three more of his own party openly announce that they will join the present six bolters on Monday, and he has never been able to add any to the three recruits from the enemy he had at the start. Meanwhile, he has followers who claim that not even the national administration can turn them from him to another nominee, and for this reason the Blackburn minority begins to hope for the thing they desire most of all, viz., no election, and to that extent the chance for the Bradley coalition to go through is suffering. It is plain that but one remote possibility can now force any election at all.

The state is suffering dreadfully for some financial and other legislation. No legislation can be effected till senatorial struggle is settled. The state central committee last night adopted resolutions in a final effort to bring and keep the bolters in line, asking them to support Hunter.

The ballot yesterday resulted: Hunter, 64; Blackburn, 46; Davie, 13; Boyle, 6; Stone, 1.

A Protest From the Slope.

SAN FRANCISCO, March 27.—The fruit canners, salmon packers and other exporters of tinned food products representing some of the largest industries on this coast, are alarmed at the provision of the Dingley tariff bill abolishing the drawback on exported cans and boxes made from dutiable tinplates. The San Francisco Fruit Exchange has sent communications by wire and mail to the California delegation in congress protesting against the provision. The salmon packers and manufacturers of other tinned products have taken similar action.

Managers Won't Mind.

LEADVILLE, Colo., March 27.—John F. Campion and other prominent mine managers have received letters signed "The Committee" threatening to blow up their mines unless they immediately discharge all nonunion workmen. The letters have caused considerable uneasiness, although in some quarters they are believed to have been sent as a practical joke. The managers will pay no heed to the warning.

Seven Thousand Dollars For a Son.

LAAORTE, Ind., March 27.—A jury in the Noble county circuit court has given William Rosenbury judgement for \$7,000 against the Lake Shore and Michigan Southern Railroad company. Rosenbury's son was killed by a Lake Shore train at Rome City.

MARKETS SUSTAINED

Notwithstanding All the Surprises of the Week.

GENERAL INCREASES REPORTED.

Mills, Shops and Hands at Work and All Industrials Favorably Affected—Statement of the Grain, Ore, Cotton, Wool and Tin Trade—Failures For the Week. Dun's Review.

NEW YORK, March 27.—R. G. Dun & Company's weekly review of trade says: Rarely have markets sustained such surprises as they have received of late with so little loss. Foreign conditions and London alarms, the collapse of the iron ore combinations, the destructive floods in the Mississippi valley and the decision of the supreme court against the railway associations have been used to the utmost, but not even in railroads has the result been important. Were all associations of railroads to cease it would yet be in the power of capital controlling important lines to stop serious rate cutting if it chose. With confidence that better times and larger business are coming men are less disposed every day to throw away good investments, and the very fact that prices of products are low is regarded as a guarantee against much further decline. In all industrials also the number of mills and shops and hands at work gradually increases.

The grain markets have lost without reason the gain they made without reason the previous week. Wheat supplies are running out, but nobody believes that there is coming a famine before June, when the harvesting of southern wheat will begin. Western receipts were over a third smaller than last year and for four weeks have been 7,611,440 bushels, against 11,884,208 last year, but the better prospect for the crop of winter wheat has more weight. Atlantic exports, flour included, were nearly as large for the week as last year and for four weeks have been 5,099,728 bushels, against 5,506,220 last year. But corn exports have been 12,763,579 bushels, against 4,577,609 last year. When Europe buys in corn the equivalent of 6,400,000 bushels wheat at less than 60 cents, the price of wheat is not easily advanced above 80 cents.

Cotton was helped upward an eighth by the flood, but has lost half the gain although manufacturing is more hopeful. Without change in prices goods were in better demand and sales of 500,000 pieces print cloths resulted in stronger tone. Final dissolution of the lake iron ore pool has been expected ever since the Carnegie-Rockefeller deal and insure low prices for ore the coming year, though perhaps not lower than in 1895. Mesabi facilities for production have vastly increased, and all the great steel making concerns have secured mines of their own, while means of transportation have greatly enlarged. With assurance of cheap ore, hesitation about various products should diminish and the demand is steadily increasing. Bars are still demoralized and at the lowest point, but for plates, sheets, wire rods and wire and all nails, the demand is growing larger. The demand for rails continues enough to strengthen prices, although some from speculative purchases are offered below the present prices of mills.

Tin is a shade lower with larger arrivals, though the distribution has been considerable, and lead is decidedly stronger at 3.47 cents, but copper is weak at 11.75 cents. Increases in coke productions appear and more is assured by the purchase of works by the Cambria company, and while quotations are unchanged outsiders are offering furnace at \$1.70 per ton.

Speculation in wool has recorded larger sales for four weeks than ever before, 46,605,300 pounds, against 21,984,576 in the same weeks of 1892. Much more than half is for speculation, as nothing like the full capacity of mills is employed. The wool market is steadily increasing, but cautiously, as it is too early to anticipate results from changes which may be made in duties.

Failures for the past week have been 291 in the United States against 259 last year, and 50 in Canada, against 39 last year.

KENTUCKY TRAGEDY.

Domestic Troubles Cause a Double Killing Near Maysville.

MAYSVILLE, Ky., March 27.—Near Mt. Gilead Thursday Amos Riggs shot and instantly killed R. W. Boyd and Mandeville Boyd. The latter are father and son and the last named was the son-in-law of Riggs, having married his daughter only a few weeks since.

The cause of the difficulty is said to have been information given by young Mrs. Boyd to her husband and father-in-law regarding the relation of Riggs to members of his own family. Riggs, it will be remembered, in 1885 killed Ahab Black, that tragedy occurring within three-quarters of a mile of Thursday's killing. For the former murder Riggs was sent to the penitentiary for three years, serving two years and nine months, his family meanwhile spending a part of that time in the county infirmary near this city. Mrs. Riggs is only 40 years of age, but the mother of 18 children. It doesn't appear that any effort was made by the Mt. Gilead neighborhood officials to arrest Riggs, who left this neighborhood yesterday on an eastbound freight train.

Electricity Instead of Steam.

CHICAGO, March 27.—The Illinois Central railroad has decided to use electricity in place of steam on its suburban service. The cost of the improvement, it is thought, will be between \$500,000 and \$1,000,000.

MASS CONVENTION.

Democrats to Meet Saturday, April 3rd, to
 Select Delegates to District
 Convention.

To the Democracy of Mason County: There will be a mass convention of the Democrats of Mason County Saturday, April 3rd, 1897, at 1 o'clock p. m. at the court house for the purpose of selecting delegates to represent said county in a delegate convention that meets at Vaceburg, Ky., on Wednesday, April 7th, 1897, to nominate a candidate for Circuit Judge and Commonwealth Attorney for this the Nineteenth Judicial District, to be voted for at the ensuing November election, 1897. Let there be a full attendance.

JOHN W. ALEXANDER,
 Chairman Democratic Executive Committee, Mason County.
 T. D. SLATTERY, Secretary.

It is given out that the Republican State Central Committee had \$700 left after the campaign last fall. What a pie they must have had?

"ENCOURAGING TO REPUBLICANS—Democrats in Certain Mountain Counties Are Badly Split Up," are the head lines of an article in the Louisville Commercial. What about the "split up" at Frankfort, Mr. Commercial?

THE NEW TARIFF.

In their anger and inexperience our grandfathers wasted a good word when they called the tariff of 1828 "a tariff of abominations." That designation should have been kept for Mr. Dingley's tariff, and would have been if those good men could have foreseen how the little imp of protection who but annoyed them with his baby pranks was to grow into a ruthless monster demanding the entire and unpreempted range of English speech for his fit characterization.

Take the woolen schedule, that puts a practically prohibitory tax on the raw material which our manufacturers must have free in order to produce goods at prices that will compete with shoddy at home or with the manufactures of other countries in the markets of the world; and that taxes woolens and dress goods higher even than the outrageous woolen schedule of the McKinley law. Is that not an abomination?

Take the cutlery schedule, that has the infamy of its origin in private intrigue stamped all over it. Was it for revenue that Mr. Dingley's committee imposed duties of 25 per cent. on the cheapest scissors, of 175 per cent. on staghorn carving knives, of 157 per cent. on the commonest table knives and forks, of from 112 to 355 per cent. on table knives and forks with staghorn handles? These articles are imported for the consumption of people of the slenderest means. In the war tariff scissors and shears were taxed 35 per cent., and only 45 per cent. in the McKinley and Wilson acts; staghorn carving knives were taxed 35 per cent. in the war tariff and in the Wilson act, and table knives of all kinds were also taxed 35 per cent. in both these tariffs. Why are the rates put up to these amazing heights?

Why is the American citizen who buys a plain four-bladed pocketknife costing about \$1 or less asked to pay a duty of from 213 to 270 per cent? During the war 50 per cent. was thought to be a sufficient duty, and in the McKinley tariff less than half the Dingley rates were collected. Why are breech-loading guns that have been made for years in this country under a 35 per cent. tariff put up to 85 and 100 per cent?

These are Satanic abominations. They are thrust into the bill by men who, under the emblem of the gaping pocket, made successful forays in the Ways and Means Committee room. They give the lie to all the Administration prating about increased revenue.—New York Times.

Well, the people knew, or ought to have known, what a Republican tariff meant when they voted for McKinley last fall. If they don't want such "abominations" as the Dingley bill, let them send Democrats to Congress and put a Democrat in the White House.

Last Notice to Tax-payers.

By order of the Board of Council, the Chief of Police is instructed to proceed at once to collect the delinquent taxes; and all property on which the city taxes is not paid, will be advertised for sale on the first day of April, according to law.
 D. P. ORR, Chief of Police.

Vincent.

The Cincinnati papers speak in the most complimentary terms of the lectures which Mr. Leon H. Vincent is delivering in that city at this time. Mr. Vincent will give his charming lecture, on Lowell, at the High School here next Monday evening. Hear him.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

The following has been received by the Secretary of Maysville Council:

Mr. George F. Brown, Sec. No. 38, Dear Sir and Brother: I received your check for \$1,000 this morning. Many thanks. The promptness of the U. C. T. in the payment of its claims is certainly commendable. I think it the best and cheapest accident insurance in existence, and shall always recommend it as the dearest friend of the traveling man. Thanking you again in the name of the order, I remain yours, in U. C. T.,

 Maysville Council has several applications on file for next meeting.

At a social session of Maysville Council several weeks back our Brother W. N. Stockton was asked to address the council on the subject of Labor, and responded as follows: "Brother Counselors, it gives me pleasure on this momentous occasion to address you on the subject of labor, and as I never did any of it I can assure you that I am perfectly competent to speak on the subject. Years ago I drew a salary in a newspaper office where they never discharged anybody. Every man had a certain nail on which he hung his hat and coat. If the manager had it in for you he would get there early, take a hammer and drive your nail in. You would then take the hint and quit. We are divided into several classes. There are some that look for work and can't find it, and there are others that go out every day looking for work and hoping they won't find it. Co-operation and determination are wonderful adjuncts to man's realization. You should organize. I addressed a meeting in the Twenty-fifth ward last week and saw the effects of organized labor. Here five out of every four of you are idle. Out there in one bunch can be found 1,000 men who have steady work, go to bed early, get up early, have good bed and board, never go out in the evening, never go out on Sunday, never care for tobacco or drink a drop of liquor. They appear to be more than satisfied, and to prove that they are not contentious you can see them going to and coming from their meals with every man's right arm on his neighbor's shoulder. That community is never filled to repletion; there is always room for one more. Now, all of you who would like to go there please hold up your hands. As all of you have your hands up, I will say in conclusion that I never before in all my experience beheld such a unanimous desire to break into the workhouse."

DIDN'T "ROAST" HIM.

The Republican State Central Committee
 Not to "Discipline" Governor
 Bradley.

FRANKFORT, Ky., March 25.—The intention of the Republican State Central Committee to publicly "discipline" Governor Bradley and his followers for their stand in the Senatorial contest was abandoned to-night after a protracted discussion.

The committee met at 8 o'clock this morning in an upstairs room of the Capitol Hotel and after a fifteen-minute discussion an adjournment until 3 p. m. was taken. At the second meeting a committee consisting of K. J. Hampden, N. C. Cureton and George W. Lieberth was appointed to draw up resolutions addressed to the Republican party of Kentucky. A third meeting was called for 8 o'clock to-night. At that hour the committee met in Dr. Hunter's rooms and from 8 until 10:30 the resolutions were discussed.

Two sets had been drawn up. One was addressed to the Republicans of the State, and it called upon them to meet in mass convention in all the towns of the State and adopt resolutions denouncing Governor Bradley and the six anti-Hunter

legislators for preventing the election of the Republican caucus candidate for United States Senator. The second set were addressed to the six legislators themselves, and then called upon them to come in and bring about the election of the party nominee.

There was much discussion as to the phraseology of the papers, as to the advisability of making them public and as to the choice between the two. Finally, upon the advice of Dr. Hunter, the idea of giving a statement to the public was abandoned. Rumors were circulated last night to the effect that the plan of publishing the resolutions was abandoned on account of the poor showing of the Hunter forces when an effort was made to secure the signatures of Hunter men to a statement intended to accompany the resolutions.

It was first stated that fifty-four men only had signed the statement, and a later report reduced the number to forty-two.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

Sometimes the most careful women are the most careless. Many a woman bundles herself up, to keep out sickness—when she is neglecting the very worst sickness that can come to a woman. She allows a slight disorder to become worse, to slowly sap her vitality. The little pain and the other slight indications of seem to her unimportant. She goes on, with increasing suffering, until life itself becomes a drag. Nervousness, "sinking spells," digestive disturbances, and fifty other complications may arise from the derangement of the organs distinctly feminine. Over thirty years ago, the need for a reliable remedy for so-called "female complaints" was recognized by Dr. R. V. Pierce, then and now, chief consulting physician to the World's Dispensary and Invalids' Hotel, at Buffalo, N. Y. He prepared Dr. Pierce's Favorite Prescription, the most wonderfully effective remedy that has ever been used for such maladies.

A TALK TO MEN.

Mr. E. A. King, of Newport, to Speak at the
 Rally Sunday—The "Red Indians"
 All Right.

Every man in Maysville who is interested in better manhood ought to attend the special meeting at the Y. M. C. A. rooms to-morrow afternoon at 3 o'clock, at which time Mr. E. A. King, of Newport, will give his lecture on "The Significance of Sex." The service will begin with some rousing singing, with Mr. Harry Richardson as organist, accompanied by Mr. Lee Gray, clarionetist. This service is for men only, and boys under fourteen will not be admitted, unless they come with parents. Remember that you do not have to be a member of the association to be admitted to this or any other Sunday service in the Y. M. C. A.,—all men, young and old, are cordially invited.

Senior members are requested to bear in mind the fact that the gymnasium and baths will be reserved this evening from 7 to 9 for the exclusive use of the Junior members and their invited guests.

A special service for boys will be held in the association parlor Sunday afternoon at 2 o'clock. A somewhat novel "bottle talk" will be given by Secretary Canfield. The service will be short, and the boys of the city—whether Junior members or not, are invited to attend.

HUNTER'S PROSPECTS GLOOMY.

It Begins to Look Like the Bradleyites Have Their Party Nominee Beaten. Doings of the Legislature.

The joint ballot by the Legislature yesterday for U. S. Senator resulted as follows:

Hunter.....	64
Blackburn.....	46
Davis.....	13
Boyle.....	6
Stone.....	1
Total.....	130

No election.
Three pairs were announced before the balloting began, Fulton with Stege, Furnish with Morgan and Garrett with Horton. When Senator Clark (Rep.) was called, he said: "I may go down in despair, but I will never support Dr. Hunter." He voted again for Boyle.

Senator Stege went to Louisville yesterday morning, but before leaving sent word to Hunter that he would not vote for him after this week.

It looks like it is all up with Hunter. His friends are not so sanguine as of yore, and the disaffection of Senator Stege has put a quietus on several of the most ardent of the Hunter followers.

Of course the Bradleyites are jubilant. Some politicians think the Republicans will get together and elect St. John Boyle, of Louisville. One of the best-known men in the Legislature said: "Boyle was the rightful nominee, and the Hunter men treated him in a most disgraceful manner when they held a rump caucus and turned him down. I am going to vote for Boyle the moment I can do so. I think Hunter will withdraw soon."

Hunter people, however, declare that it will be Hunter or nobody.

Private wires were run into Hunter's headquarters at the Capital Hotel Friday morning, and his friends said this meant that he was preparing for a long stay if necessary. His managers say they will stand out the whole session, and that no other nomination will be made.

Hunter people are using every effort to get the "big guns" of the party to rally to Hunter's support, but are meeting with little encouragement. Mark Hanna has urged John W. Yerkes, of Danville, to go to Frankfort and hustle for Hunter, but to no avail.

A Hunter man said: "Fifty-four members have signed a pledge to vote for Hunter until the last day of the session. No man has a right to ask Hunter to withdraw. We are sure fourteen silver men will not vote for a Republican, and it's Hunter or nobody."

In the House Friday, the following bills were introduced:

Amending revenue law so as to raise State saloon license from \$175 to \$225.

Regulating and fixing salary of Assistant Adjutant General; reducing from \$1,200 to \$1,000.

Legalizing borrowing money for the several insane asylums and State institutions.

Abolishing the office of Register of Land Office.

Fixing salaries of State officers and employees.

To abolish the office of Register of Land Office and consolidate it with the Secretary of State.

The bill fixing jurisdiction of Circuit Courts in penal cases was called up on a special order. The bill extends the jurisdiction of police and magistrates' courts to one year and \$500. Mr. Howard spoke against the part of the bill relating to increasing the jurisdiction of police and magistrates' courts. Mr. Hardin offered an amendment reducing to six months and \$200.

BIG DAMAGES ASKED.

The Street Railway and the Gas Companies Sued For \$20,000 For Causing Isaac Thomas' Death.

Suit was filed in the Mason Circuit Court this morning by James H. Thomas, administrator of Isaac Thomas, against the Maysville Street Railway Company, the Maysville Gas Company and the Citizens Gas Light Company for \$20,000 damages for causing young Thomas' death.

On the evening of March 9th, young Thomas, a boy aged twelve years, while returning home from Moody's grocery on Second street, Sixth ward, came in contact with an electric guy wire that had become loosened, and was almost instantly killed.

The petition alleges that the wires were "insufficiently, carelessly and negligently insulated," and that defendants were well aware of said want of insulation, or could have been made aware of same by the exercise of proper diligence.

TERRORIZED THE COMMUNITY.

Amos Riggs, Murderer of the Boyds. Still at Large—Additional Particulars of the Tragedy.

Amos Riggs, who murdered W. R. Boyd and son Mandeville near Mt. Gilead Thursday was still at large at last accounts.

There is but little doubt that Riggs left here yesterday morning on an eastbound freight.

It is reported that later in the day he passed here again on a westbound train or boat, and it is thought he has gone to Felicity, O. Constable Dawson left for Ohio yesterday afternoon on a search for the murderer.

According to the latest information, the murder was one of the most deliberate and coal blooded ever committed in the county.

It is said Riggs loaded the gun with buckshot, and seeing the Boyds coming across the farm took the gun and told his wife that he intended killing them. When he returned to the house, he stuck two pistols in his pocket, remarking: "If they fool with me I'll give 'em some more."

Going to Mt. Gilead he told some parties he had killed two men "over there in a field," and "they had better go bury them before they began to stink."

From all that has been learned it seems Riggs had the community terrorized, and the authorities out there were afraid to try to arrest him.

Some of the people believe he will not be taken alive if he can prevent it.

On Thursday evening, Sister Baptista Reeves, of the Visitation Convent of this city, departed this life about seven minutes of 8 o'clock. The deceased was forty-two years of age, almost eleven of which she spent in the Order. She was a most useful and edifying member, esteemed and loved by all who knew her, and her death is a severe loss to the community, which will long mourn her. The funeral services, conducted by Rev. Charles Diemer, took place this morning at 11 o'clock in the convent chapel.

In speaking of Mr. T. V. Chandler and his race for the nomination for Superintendent of Public Schools, the Ewing Inquirer says: "Tom Chandler, as he is familiarly known, is possessed of rare traits of character, sober, honest, moral and above all truthful to the letter. We have been personally acquainted with Tom for these many years, and the man that beats him will have to move. He is too well-known in Mason County for us to comment on his qualifications, but those who are not acquainted with him can rest assured the office he seeks, while it is the most important office in the county, will be faithfully administered."

A Husband Finds His Home Locked Against Him On His Return From a Trip.

Vanceburg Sun: "News comes from our Tollesboro correspondent, of the separation of Jas. N. Teager and wife, which has thrown the little place into a flurry. "Mrs. Teager was formerly the widow of Dr. R. N. Taylor, and daughter of Robert Hord, her maiden name being Nannie Hord.

"All had not been as pleasant as it might have been, according to reports, and when Mr. Teager went to Cincinnati to take the civil service examination, Mrs. Teager took advantage of his absence in a startling and rude manner.

"Mr. Teager returned from the city loaded down with presents for wife and children, only to find his home locked against him, a petition for divorce filed against him, alleging cruelty, and the keys and property in the hands of an official.

"The charge of cruelty is denied by Mr. Teager and a great many of his friends and neighbors, and about the whole thing their hangs a tale—untold."

GRAVE
Is the Condition of the Big River at Helena—Still Falling at Memphis.

HELENA, Ark., March 27.—The flood situation here is decidedly grave. There has been a rise in the river of four and a half inches since yesterday morning and it is still rising. A large part of the population is at work on the levee. It was rumored here this morning that several weak places had developed. Many people are prepared to fly at the first alarm. In the judgment of the most experienced river fighters, the levees will hold if the weather continues good. There are about 150 refugees in the city, mostly women and children from around Modoc, where the husbands and fathers still linger in an effort to bring off their stock.

At Memphis.
MEMPHIS, March 27.—The big river continues to fall slowly and the flood situation in Arkansas, opposite this city, is somewhat improved. The gauge registers 36.6 feet, a fall of one-tenth of a foot during the 24 hours. At Cairo the river is reported stationary. At points all along the Ohio the water has fallen considerably since yesterday morning. At Cincinnati the river has fallen 1.2 and at Louisville 1.8 feet. St. Louis reports a rise of 1.1 feet in 24 hours ending at 7 a. m. At Marked Tree, on the St. Francis river, the rise has been but two-tenths of a foot during the 24 hours, and at Helena two-tenths. At Shreveport and points below the river continues to rise slowly.

Unless a big volume of water should come down into the upper Mississippi from the northwest, it is believed the worst of the flood situation is over. The levees on the Mississippi side of the river below Memphis are still intact. A small break is reported about 16 miles above Arkansas City. It is an inland break and the height of the overflow will not be perceptibly diminished.

The members of the relief committee are still at work. They yesterday entertained a relief committee from Little Rock. The situation as to the railroads remains unchanged, service being complete with one exception.

TACOMA STORM-TOSSED.
Winter's Fiercest Wind Raged There on Thursday.

TACOMA, March 27.—The heaviest windstorm of the winter raged here Thursday, blowing a gale of 42 miles per hour between 11:30 a. m. and 5 p. m. A large portion of cornice of a 3-story Pacific avenue building was blown down, bringing with it a tangle of live electric light and telegraph wires. The draw span of the Eleventh street bridge was blown open, stopping a funeral procession. In the surrounding counties trees have been blown down by the score, and it will be surprising if some fatalities are not reported in remote localities where settlers' cabins are surrounded by tall trees.

For some time Tacoma was cut off from communication with the outside world. All the linemen and section crews available were detailed to repair damage. Communication with Portland was at last established. The gale was felt by all sound steamers, which were more or less delayed. Where the wind got a good sweep the whitecaps rolled very high. The British ship Rheudian Castle broke away from her buoy and drifted across the bay, where anchorage was easily secured.

AN AMERICAN RELEASED.
Another Correspondent the Subject of State Department Inquiry.

HAVANA, March 27.—Caesar Esquerro Montero, an American, born at Key West, but not able to speak English, was placed under arrest 18 days ago. He has finally been set at liberty, and though not compelled to leave the island intends to do so at an early date.

It is understood that the American state department is trying to ascertain the whereabouts of Thomas W. Steep, the newspaper correspondent. When last heard from he was at Santiago and about to leave for Santa Clara. The civil authorities deny any knowledge as to his movements. It is not known whether he has been arrested or captured.

Found Guilty of Libel.
HARRISBURG, March 27.—The Rev. Silas C. Swallow, editor of the Pennsylvania Methodist, has been found guilty of criminal libel in the suit brought by Captain John C. Delaney, superintendent of public buildings and grounds. Counsel for the defense moved for a new trial. Dr. Swallow, through his paper, charged that Captain Delaney had received presents from different contractors to whom he had given contracts.

MAKES THE WEAK STRONG.

The Foremost Athletic Trainer in America Recommends Paine's Celery Compound.

John Graham is the foremost man in American athletics.

It was he who managed the successful team from this country that attracted world-wide attention in the recent Olympic games at Athens.

Formerly trainer for Columbia College, then for Princeton and finally for Harvard university, Mr. Graham had much to do with raising the standard of collegiate sports. A small army of gentlemen have been guided by him since he left Harvard and took his present position, superintendent of the famous gymnasium of the Boston athletic association.

Three of his proteges, White, Brewer and McCarthy, have just won the New England championship at the mile, quarter-mile and five-mile run. He has trained Weeks of Brown University, one of the best college sprinters in the country.

Many another student of what makes men and women strong has used and has used and has recommended Paine's Celery Compound as the best known remedy for those who are weak and dispirited, the overworked and enfeebled persons who are most concerned in the general awakening of interest in outdoor exercise and indoor attention to the proper rules of health.

It was the ablest professor of medicine and surgery in any college, that giant among men, Prof. Edward E. Phelps, M.

D., LL. D., Dartmouth College, who, after years of patient investigation and study, assisted by all that was best in the progress of medical science at home and abroad, first discovered the wonderful formula of Paine's Celery Compound.

There was no doubt of the interest that would be awakened at once by the announcement of any discovery by Prof. Phelps. The formula from the first was furnished to the best physicians, and forthwith this remarkable Paine's Celery Compound was personally used and professionally prescribed by them. The result of the closest investigation might have been expected. It soon required a considerable industry to produce the remedy, and rapidly but steadily, without ceasing, the demand for Paine's Celery Compound has increased, until to-day there is no other remedy that in comparison begins to hold half the public attention that it holds.

In untold numbers of cases where every other remedy has been tried and failed, Paine's Celery Compound has attained the wished-for results, making the weak strong, purifying the blood, rebuilding the worn-out nervous tissue, curing chronic sickness, proving a never-failing and permanent relief for rheumatism, neuralgia, kidney diseases and disorders of the liver, all due to the impairment of the person's nervous system, the consequent impoverishment of the blood and the breaking down in consequence of some particular organ.

When Mr. Graham, writing January 18, 1897, said: "I have used Paine's Celery Compound to my benefit, and I have no doubt that any person undergoing great physical and mental strain would find it of great service. For students especially it ought to be of great value." — When so prominent a student of bodily health, who has no equal, unless, perhaps, one mentions Dr. Sargent, of Harvard, with whose methods Mr. Graham became well acquainted at Harvard — when Mr. Graham says bluntly that after his experience he believes others would find Paine's Celery Compound of great service, what man or woman out of perfect health can afford to neglect his well-considered advice?

There is no doubt that Paine's Celery Compound cleans the blood of eczema, salt rheum and such humors, not only in the spring, that is so favorable a time, but at any time during the year, so thoroughly that nothing further is ever heard of them. Paine's Celery Compound has been tested, tried, scrutinized and heartily approved by so many impartial physicians and men and women whose word in any matter would not be questioned for a moment, that one must be stubborn-minded indeed who prefers to mope around half sick instead of verifying these positive, straightforward statements.

Expelled From the Exchange.
NEW YORK, March 27.—The directors of the Consolidated Exchange last night expelled from membership Broker William E. Allen, senior partner of Allen & Fostick, bond and stock brokers. The charges against Mr. Allen were preferred on behalf of Mrs. J. D. F. Nash, a rich and prominent society woman of Bridgeport, Conn. It was alleged that Allen had executed Mrs. Nash's orders by taking the "opposite side" of the market.

No Profits Now, the Claim.
SAN FRANCISCO, March 27.—The lumbermen of this city are again trying to organize a trust with the hope of raising the price from \$4 to \$6 a thousand. Dealers now claim that the actual cost of milling the lumber is greater than the present prices and the combine hopes to gradually increase the prices until business will insure a profit.

Wants to Die.
COLUMBIA, Mo., March 27.—The hanging of John Hunt, which was to have taken place here yesterday, has been indefinitely postponed, pending an appeal to the supreme court. Hunt, who is 78 years old, has given up all hope, and wants to die. He was averse to the appeal, and but for the action of his attorneys, he would have hanged yesterday.

Grant Day in New York.
NEW YORK, March 27.—President McKinley will attend the ceremonies at the dedication of the monument to General Grant on April 27. He will review the parade and will also deliver an address. General Horace Porter, who has just returned from Washington where he had an interview with the president, made the announcement.

Will Raise Price of Spirits.
CINCINNATI, March 27.—At an informal meeting of distillers and wholesale whisky dealers here today it was unanimously agreed to advance the price of spirits in a few days. It was the consensus of opinion that it was not necessary to obtain the formal consent of distillers of the country since all of them are now producing at a loss.
